IMPORTANT INFORMATION TO CONSIDER:

Children and Medical Conditions

Children travelling without the support of a parent or guardian can also count on our support. We have extensive experience in assisting children/ persons with medical conditions with international travel and have experienced staff that can escort your family members throughout the journey if needed.

Financing

We do not have any funding available for Family Reunification, therefore you should be able to cover the costs. The Dutch Refugee Council (VWN) may be able to provide financial support or advice on where to search for funding. Please get in touch with your local VWN office for more information. You can also try to secure funding through your municipality or local churches, mosques and charities.

Travel Documents and Visas

We are not able to assist with obtaining travel documents or visas. However, IOM colleagues in the country of departure are familiar with local procedures and can advise on the steps to take.
